Professional Summary

I started working when I was 14 years old and have had lots of experience in a number of different fields. I have worked in construction, maintenance, manufacturing, sales, web programming, merchandising, and transportation. My last job was working for a company called Dealer Staffing. They provide delivery drivers for the Larry H. Miller family of dealerships.

I am a hard working and dedicated worker who is always trying to improve myself. I hope to have the chance to show you what I am capable of.
